ADULT

CUTTING TEETH
by Chandler Baker.

It takes readers on a stomach-dropping emotional roller coaster in this suspenseful and darkly comic tale of motherhood and murder.

At first, the parents of RiverRock Church’s private preschool students are overjoyed when young Miss Erin Ollie, with her perpetual smile and PhD in child development, joins the faculty. However, their initial enthusiasm wanes as some of the four-year-olds in her class begin exhibiting a morbid fascination with biting and consuming blood.

KIDS

BREATH LIKE A BEAR: FIRST DAY OF SCHOOL WORRIES
by Kira Willey

This newest entry in the "Mindfulness Moments for Kids" series finds a young bear both excited and anxious for her first day of school. As she makes her way there, she encounters various forest animals who help her talk through her feelings, including an owl who offers a breathing exercise and a mantra to help “change how you feel.”

JUVENILE

LEI AND THE FIRE GODDESS
by Malia Manuakea

Curses aren’t real. At least, that’s what twelve-year-old, part-Hawaiian Anna Leilani Kamaehu thinks when she listens to her grandmother’s folktales about sacred flowers and family guardians. Anna’s friends back home in Colorado don’t believe in legends, either. They’re more interested in real, tangible things that stand in total contrast to Anna’s family’s embarrassing stories. So when Anna goes back to Hawaii to visit her Tūtū, she has no interest in becoming the heir to her family’s history; she’s set on having a touristy, fun vacation.

Summer Reading Program 2023
FIND YOUR VOICE! / ENCUENTRA TU VOZ!

Sign up now.

Our voices have power. We use our voices to share stories, express ourselves, and inspire change. Our voices include not only the sounds we make, but the words we write, the art we create, the movements we perform, and the actions we take each day to impact our world.

This program will provide a context for exploring books, history, social justice, and STEAM fields as well as develop library programs and services that empower patrons of all ages to make their voices heard. This year the Library with Association Mc Bonaro will help our participants to find their way to express themselves. Activities for Tuesday, July 4 will be pass to Wednesday 5, same time.

We offer 4 weekly activities for 6 weeks, with a final performance on Aug. 8. Activities divided by age group.

HAPPY ANNIVERSARY FLEET AND FAMILY SUPPORT PROGRAM!

On July 16, 1979, the first Navy Family Service Program was officially opened in Norfolk, Virginia. For 44 years, the Fleet and Family Support Program (FFSP) has supported the individual sailor and family readiness, as well as the adaptation to life in the Navy for service members and their families.

FFSP provides services which include individual assistance and consultation, varied educational programs, proactive outreach, and delivery of family support services in locations most conducive to family member engagement. FFSP is organized into functional areas critical to mission success:

- Work and Family Life (WFL): WFL programs directly support mission readiness by preparing service members and their families for the physical, emotional, interpersonal and logistical demands of the military lifestyle. Our programs and services include:
  - Workforce Readiness Support
  - Personal Financial Assistance
  - Ombudsman Program
  - Relocation Assistance
  - Emergency Response
  - Life Skills

- Counseling, Advocacy and Prevention (CAP): CAP programs provide individual, group, and family counseling, victim intervention and related prevention education and awareness programs.
  - Clinical Counseling
  - New Parent Support Home-Visit Program (NP-HVP)
  - Family Advocacy Program (FAP)
  - SAPR provides sexual assault awareness and prevention education, victim advocacy, response coordination, case management and incident data collection to activate duty personnel, adult family members and commands.

Join MWR and visit the oldest continuously inhabited city in the western world. Christopher Columbus started his two major voyages from here and secured a glittering future for the port, which was to become the major trading center with the Americans. It’s a relatively small city, divided into two distinct sections – the charming old quarter with its narrow alleys, delightful plazas and flower filled balconies and the modern industrial area. There’s a wealth of museums, ancient monuments and churches to be found in Cadiz along with a mouthwatering array of bodegas and restaurants offering some of the country’s finest seafood and typical Andalucian cuisine. Includes roundtrip transportation and guide.
